♥ ♥ ... **Love for Polo will never go.**

Can you ever love a car more than you've loved anything else? Sounds absurd, doesn't it? And yet people did. Millions of them. And for 12 years, they made their love for the car evident. By writing love letters on social media. Cheering it past finish lines. Showering it with awards. Putting it on magazine covers. And by making it a part of their family. Guess it takes a special kind of love to love a car. But it also takes a special kind of car worthy to be loved. The Polo was that car.

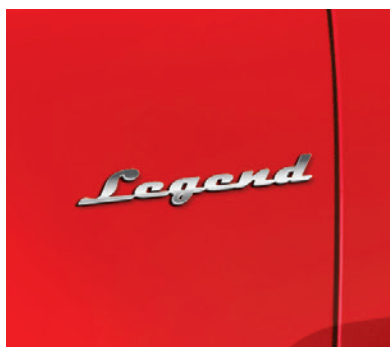

Now, as it gets ready to set hearts racing for maybe one last time, we're celebrating all the love it received. We're celebrating 12 years of Polo with **Legend Edition.**

FALL IN LOVE WITH TSI

At the heart of the Polo Legend Edition, lies a marvel of precision German engineering. The legendary Volkswagen TSI engine generates an enviable 110PS and quenches your love for power. That too, without guzzling fuel indiscriminately, giving you an unbelievable 16.47 kilometres per litre[^]. Like all first loves, it sets your heart racing with 6-speed automatic transmission, generating 175 Nm torque. If a fun driving experience with unparalleled performance is what you're after, the chase ends here.

Heads are bound to turn when a legend pulls up. Its signature sporty aesthetics have made the Polo stand out for 12-long years. And won over a generation of admirers.

FENDER BADGE

The way we look at it, it's less of a badge and more of a reminder for people to pay their respects to a living legend.

BOOT BADGE

The legend has a lot of followers. Make it worth their time with a sleek boot badge.

SIDE BODY GRAPHICS

With its sporty body graphics, the legend makes a statement, even as it stands still.

BLACK ROOF

For 12 years, the legend has raised the roof with its performance. About time it got a special roof of its own.

TRUNK GARNISH

They say God lies in the details. In the legend's case, it's a sleek new addition to its trunk.
